

TWILLY / TWILLY SOFT

Twill Fabric with Nonwoven Coating

CANVAY / CANVAY SOFT

Canvas Fabric with Nonwoven Coating

TWILLY

The Best Base for Badges and Patches

Logos, emblems, patches need an optimal base fabric for stability and longevity. The type of textile determines the choice of base fabric for patches: sturdier or softer. Denim fabrics tolerate a firmer base fabric, T-shirts a softer base fabric. A twill weave of the base fabric is perfect for most patches. Small lettering and tiny details are more pronounced on base fabrics in plain weave.

GUNOLD®

TWILLY ^{VEGAN} / TWILLY SOFT

CANVAY ^{VEGAN} / CANVAY SOFT

Processing Recommendations:

TWILLY and CANVAY are permanently bonded with a strong, thicker nonwoven, TWILLY SOFT and CANVAY SOFT with a soft, thinner nonwoven.

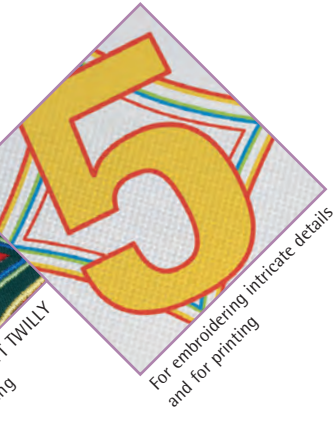

To choose the right base fabric, proceed as follows:

- ◆ Regular Patches: TWILLY
- ◆ Regular patches, which are supposed to be soft: TWILLY SOFT
- ◆ Patches with small lettering: CANVAY
- ◆ Patches with small lettering which are supposed to be soft: CANVAY SOFT

Care Instructions:

CANVAY and CANVAY SOFT consist of 100% PES and are therefore suitable for imprinting.
